Volunteer Training and Support

Our volunteers come to SHARP from many different backgrounds and with a unique point of view that helps enrich the lives of those living with HIV and complex health and social challenges.

As a volunteer at the SHARP Foundation we value your talent and willingness to care for the people we serve. Without our volunteers we would have limited fundraising opportunities, lack of resources to host our own fundraising events, and a reduced quality of life for residents.

Therefore, we believe that any donation is of equal value- whether you donate time, money, or goods (such as event passes). Last year alone over 100 volunteers gave over 4,000 hours of their time!

Training for volunteers who work directly with the people we serve is essential!

Resident Activity Program

SHARP's philosophy of holistic care includes opportunities to engage in activities that are interesting and challenging for each resident we serve. Activities in the past have included art programming, music therapy, life skills (cooking, cleaning, decorating), and community events (theatre, tours, festivals). This programming has been very successful in helping residents reengage in their own health and wellness and developing the skills they need to transition back into the community!
